The Motorheads Story

Motorheads is located along Route 66 in a building originally owned by the Stuckey's Corporation. The original building was built in 1970 during the same time that Route 66 was being rebuilt as Interstate 55. In 2016 after many years of falling into disrepair, Ron and Pat Metzger purchased the building and the 4 acres adjoining the property, a building that was scheduled to be demolished. Ron, a "collector" with a love for car memorabilia and Springfield nostalgia, had a vision. He made it his mission to save the building to create a place for others who share in his passion. He wanted to display his rare collections, while adding a great social space for food, drinks, music and car/bike shows with top notch service.

After 2 years of major renovations and restorations, Motorhead's opened its doors in June 2018. Stepping inside the approximately 15,000 square foot building, the first thing you'll see is the 18 beer taps that are beautifully mounted from the rear ends of vintage cars that once drove the route (40 taps total). Parked in the rafters on the east side of the building, is Ron's personal, customized 1969 Chevy Camaro through out the building you will find pictures, signs and artifacts, including a 100 ft long bar top covered in pictures of Springfield landmarks from over the years. Hanging on the walls are Bandy Chevrolet, Tops Big Boy and the original Den Chili Store signs. Local celebrities including NHRA funny car driver Tim Wilkerson, NASCAR driver Justin Allgaier and Indy Car driver Donnie Beechler's driving uniforms are all on display in the restaurant.

Adjacent to the main restaurant is the Texaco faced museum with even more memorabilia. A 1915 Ford Race Car in full running condition greets you at the door. This car once ruled the dirt tracks in central Illinois in the 1920's and 1930's. This is also home to Bill Shea's Museum collection.

Seen from miles away is the Worlds Largest Route 66 Emblem, a custom sign Ron dreamed up to stand on top of the original poles that held the Stuckeys Sign. The newest addition is the Motordome. A 8,000 sf Four Season Entertainment Complex, complete with the largest Video Board between Chicago and St. Louis. While listening to live bands year-round you will enjoy many artifacts, including the Sunrise Donut Sign, the Bombay Bicycle Club Neon Sign and the Abe Lincoln Motel Sign. Motorheads has already been toured by over 30 different countries, including Japan, China and many European countries. We have been featured in the Chicago Tribune, Washington Post and The St. Louis Dispatch and highlighted in Japanese, Chinese and many other European media. There is one thing for sure with Ron, nothing ever stays the same so stay tuned to see what is next.
